COURSES AUTUMN TERM 2021

### Courses offered in English autumn term 2021

#### Courses starting August 30, 2021

	ECTS	Course period	Level
KEMC03 Experimental Protein Chemistry	15	210830-211029	Bachelor
KEMM20 Medicinal Chemistry <i>Part-time</i>	7,5	210830-211029	Master
KEMM30 Molecular Driving Forces and Chemical Bonding	15	210830-211029	Master

#### Courses starting November 1, 2021

	ECTS	Course period	Level
MOBA02 Chemistry of the Cell	15	211101-220116	Bachelor
KEMM25 Structural Biochemistry	15	211101-220116	Master
KEMM76 Advanced Analytical Chemistry	15	211101-220116	Master
KEMM77 Advanced Surface and Colloid Chemistry	15	211101-220116	Master

COURSES SPRING TERM 2022

### Courses offered in English spring term 2022

#### Courses starting January 17, 2022

	ECTS	Course period	Level
KEMM21 Advanced Organic Chemistry	15	220117-220322	Master
KEMM48 Statistical Thermodynamics and Molecular Simulation <i>Part-time</i>	7,5	220117-220322	Master
KEMM57 Magnetic Resonance - Spectroscopy and Imaging <i>Part-time</i>	7,5	220117-220322	Master
KEMM58 Molecular Quantum Mechanics <i>Part-time</i>	7,5	220117-220322	Master
KEMM67 Scattering Methods <i>Part-time</i>	7,5	220117-220322	Master

#### Courses starting March 23, 2021

KEMM23 Advanced Biochemistry	15	220323-220605	Master
KEMM29 Molecular Spectroscopy - Methods and Applications	15	220323-220605	Master
KEMM52 Coordination Chemistry and Organometallic Chemistry	15	220323-220605	Master
